

# Petition for a Moratorium on ICE Raids and Deportations

Dear Rep. Ellison,

Thousands of immigrant families and communities are being torn apart and terrorized by ICE raids and deportations. Their only "crime" is working to make a better life for their families.

The number and size of raids and deportations has increased dramatically over the last two years. These raids and deportations must stop. We urge you to sponsor and work to pass a bill in the U.S. Congress calling for an **IMMEDIATE MORATORIUM on ICE raids and deportations.**

Respectfully,
